

12% HORSE ALL INCLUSIVE FEED

With
Lifeforce® and Diamond V XP®
514

For Maintenance of Mature Horses

- Supplies the total nutrients and fiber necessary to maintain mature horses who may have trouble chewing and digesting whole grains, hays and pasture grass. Should be used to supply the majority of a mature horse's ration and may be used to supply the total ration.
- Contains the proper amount of Lifeforce® when fed at recommended levels. The Lifeforce® package includes De-Odorase®, a yucca extract for odor control. Integral® is also included in the Lifeforce® package. The Lifeforce® package contains chelated trace minerals, a process that increases the availability of the trace minerals. Live yeast, direct fed microbials, and *Saccharomyces cerevisiae* fermentation soluble are also added which support the digestive processes of the horse.
- Contains less soluble carbohydrates such as starch and sugar than comparable feeds.
- Contains alfalfa, soybean hulls and beet pulp, which are highly digestible sources of fiber.
- Diamond V XP® added for feed digestibility.

| <i>Lactobacillus acidophilus</i> | 50,000,000 CFU/lb* |
| Alpha Amylase - (min)..... | 18 FAU/lb** |

* CFU - Colony Forming Unit

** FAU - One FAU unit is the amount of enzyme which will dextrinize soluble starch at the rate of 1 - g per hour at 30°C and pH 4.5.

INGREDIENT STATEMENT

45% Soybean Hulls, Processed Grain by-Products, Alfalfa, Beet Pulp, Corn, Molasses Products, Yeast Culture, Salt, Soybean Meal, Calcium Carbonate, Modified Starch, Monocalcium Phosphate, Magnesium Oxide, Ferrous Sulfate, Choline Chloride, Vitamin E Supplement, Ethoxyquin and BHA (as preservatives), Copper Sulfate, Niacin, d-Calcium Pantothenate, Vitamin A Supplement, Biotin, Thiamine Mononitrate, Riboflavin, Pyridoxine Hydrochloride, Vitamin B-12 Supplement, Folic Acid Menadione Sodium Bisulfite Complex, L-Lysine, Dried *Saccharomyces cerevisiae* fermentation solubles, Hydrated Sodium Calcium Aluminosilicate, Silicon Dioxide, Zinc Proteinates, Manganese Proteinates, Copper Proteinates, Cobalt Proteinates, Selenium Yeast, Brewer's Dried Yeast, Yucca Extract, Natural and Artificial Flavors, *Saccharomyces cerevisiae*, Dried *Enterococcus faecium* fermentation product, Dried *Lactobacillus acidophilus* fermentation product, Dried *Aspergillus oryzae* fermentation extract, Potassium Sulfate, Magnesium Sulfate, Sulfur, Zinc Sulfate, Manganese Sulfate, Sodium Selenite, Cobalt Sulfate, Ethylenediamine Dihalide, Vitamin D₃ Supplement, Ascorbic Acid, Dextrose, Sodium aluminosilicate, Beta Glucan (encapsulating agent), Vegetable Oil.

FEEDING DIRECTIONS

Do not feed or water extremely hot, tired animals. Feed at the rate of 1.5-2.2 lb. of feed per 100 lbs. of body weight (15-22 pounds per head per day for a 1000 pound horse) for mature horses depending on activity and current body condition. Split feedings into at least two feedings per day. Feeding levels over 20 pounds per head per day should be done in three split feedings. **DO NOT FEED OVER 10 POUNDS PER 1000 POUNDS OF BODY WEIGHT IN ANY ONE FEEDING.** Keep fresh water available at all times. Good quality hay or green growing pasture may be used to supplement this feed if desired.

WARNING: Do not feed to sheep; contains supplemental copper.

*As determined by difference equation, not enzymatically.

Manufactured BY

SABINE VALLEY FEEDS

3001 Bois D'Arc, Greenville, Texas 75401

Net Wt. 50 lbs. (22.6 Kg)
